

GREEN | SAFE | ODOURLESS

# Bioway MULTI

It simply works!

**Bioway Multi Insect and Dustmite Killer provides safe, effective, clean and easy insect control for households, hospitality establishments, schools, hospitals, creches, restaurants, kennels and stables etc.**

Increasing infestations of all irritating and harmful flying, crawling, biting and disease carrying insects is a major concern for all. Dustmites, in particular, cause allergies, hay fever and sinus problems as well as trigger asthma attacks. Bioway Multi is extremely effective in combating these problems and while this pyrethroid and water based product kills all insects, their larvae and eggs, any exposure to humans, mammals and birds has no adverse effects. It is totally safe and stainless once it has dried on any surface - material or textile.
