THE ESTATEAtaraxia was founded in 2004. Husband and wife team, Kevin and Hanli, in partnership with a few friends, purchased 50 hectares of prime vineyard land. The landscape in which Ataraxia is situated, called The Skyfields is unique, lying as it does on the most elevated section of the Hemel-en-Aarde area. Nestled on this commanding rise beneath the soaring BabylonsToren mountain range, our vineyards are planted on some of the most spectacular terroirs South Africa has to offer. It is a place where wines of incredible finesse, balance and depth are crafted, that proudly hold their own in the international arena.THE WINESAlready into its sixth vintage, Ataraxia continues to excel on the national and international wine scene with a string of accolades and rave reviews for the three wines currently making up the range. Situated near Hermanus, a scenic drive through this popular Walker Bay wine growing area brings one to Ataraxia, in the foothills of the majestic Babylons Toren.Here, co-owner, winemaker, and viticulturist Kevin Grant, continues to push the envelope in fine-tuning the three handcrafted wines made from grapes sourced from prime wine growing areas.SAUVIGNON BLANCCHARDONNAYSERENITY
