Mount Vernon Wine Estate is home to David and Debbie Hooper. Originally from Durban, KwaZulu Natal, they settled here a number of years ago for a change in lifestyle. That change brought a new sense of direction with Debbie becoming not only one of the few women wine makers in the Cape but also producing exceptional quality wines by virtue of their award winning status.The secret is the ability to discover, nurture and extract qualities that are unique to Mount Vernon right from the grape to the final product. This combined with a true determination to succeed is what has made Mount Vernon a wine of distinction
