

Tight Fit Garage Doors

3 Power Drive, George Park
Strand

Phone: +27(21) 8538030

Tight Fit Garage Doors know that behind your garage door are the things that matter to you most. The things that make your house a home. Most garage doors just close but a Tight Fit Garage Doors can be locked securely shut. Choosing a garage door is a big decision. If you're looking for a new garage door, we provide a FREE measure and quote in terms of materials, styles, colours and other technical specifications in order for you to choose the most appropriate garage door for your home. We also help ensure your new garage door will add value to the curb appeal of your home. Your garage door could be the biggest design feature on your home's exterior, so make sure it's also the most striking. Your new garage will create a street frontage that is not only a pleasure to come home to but an investment that will greatly enhance the value and security of your home for many years to come. Check out our garage roller doors and sectional doors, or find out about our custom doors for individual situations. We also stock a wide range of garage door remotes. Not only will we install your new door, but we will also help you maintain it to ensure it keeps doing its job beautifully for a long, long time.
