WHAT THE WORLD NEEDS NOW, IS LOVE, SWEET LOVEALEIT WEDDINGS | A PRODUCT OF THE ALEIT GROUP There might be a million different ways in which to host weddings in today’s age, but the sentiment remains: There is something existentially sincere in the uniquely human experience of celebrating “I want to grow old with you.” And it has to be said, this is our forte – from the nitty-gritties, to keeping the in-laws happy, from the not-so-fun-logistics, to the intrinsically extravagant wish-list, we will plan and pave the rose-petal-way to your perfect wedding. From the moment you walk in till the moment you walk out, every step of the way.
