Regulations of 2003, and the Occupational Health and Safety Act. It is recommended that the trustees take active steps to ensure that the health and safety specifications are prepared and that, during the course of the renovations, Handy Crew and our employees comply with such specifications and plans. Handy Crew works closely with the trustees of the body corporates where we are contracted, with open communication and transparency. Each project carries a guarantee and therefore we only use top quality materials and the correct equipment. Please contact us to find out more about our services or to request a quote.

Painting Large wall cracks on the exterior of a wall is a sure way to let water into the interior and can cause extensive damages over a period of time. It is best to have a professional company repair the cracks in the correct way as soon as possible. Our Crew has a good understanding regarding possible damages and is able to repair these cracks professionally.

Tiling The Crew has vast experience on different styles of tiling and materials used. Tiling a surface is one of the most noticeable items in a room and must reflect style and quality of workmanship.

Building Handy Crew take on smaller building works such as additions to your existing property, exterior or interior fireplaces, boundary walls and foundation re-enforcement.
