We believe art promotes expression and originality; has the ability to evoke inner psychological states in dynamic ways, shapes cultures, and allows us a place to gather as a society. In support of these outcomes, Lionel Smit Studio aspires to serve all people through exploring and experiencing art and creativity, as well as encouraging curiosity and appreciation of the visual world. The Studio believes in accessibility and aims for the highest standard of quality in all its endeavours. It's not just an art gallery, but a destination where you'll find space and inspiration through art, and architecture.
