Ink and Laser Cartridges | Cartridge King Owned by Alvin and Gareth Murray,
Cartridge King was established in Somerset West in May 2006. With the high prices of original Cartridges we saw a gap in the market to supply printer consumables for all types of printers: HP, Canon, Lexmark, Epson, Brother, Xerox, Samsung. Our friendly and well trained staff will assist and advise you on which products will save you money. We pride ourselves in quality products with a full money back guarantee.
