Healing the healthy way. Herbs, Health & Healing is a Natural Medicine Health Hub that offers the following treatments and training
Phytotherapy (n) Phytotherapy is a science-based medical practice using medicinal plants in the prevention and treatment of disease. A clinical approach is followed and medicinal plants are used therapeutically to treat illnesses and enhance

health. <https://www.herbshealthhealing.co.za/herbal-medicine>

Nutritional Medicine We are what we eat. Understanding and addressing the body's nutritional needs, forms the foundation of sustainable health. Food is not just calories – it also provides information to the body. The correct use of nutrients can successfully be used for weight gain and weight loss.

Bach Flower Remedies Bach Flower Remedies may help maintain emotional and therefore physical well-being. It can be used during times of anxiety and stress and are particularly helpful for the many people who feel generally tired and unwell without a specific medical

diagnosis. <https://www.herbshealthhealing.co.za/bach-flower-remedies>

Bach Training The Bach International Education Programme is a three-tier training programme on the Bach Flower Remedies ranging from introductory level to

practitioner training. These Bach Centre-approved courses offer high quality training

and reflect the philosophy of Dr Edward Bach. Training is standardized world wide. We offer 2 day attendance courses on Level 1 and 2. Alternatively you can follow the Distance Learning program.
