The L'™ Olivier NonPareil range of wines captures the true meaning of the name NonPareil in "Having no equal". The grapes of the Sauvignon Blanc is specifically grown for the taste and not for quantity. The grapes were produced with a high canopy and long shoots that provide protection from the sun, ensuring definitive flavours. The vineyards are in direct sight of False Bay, enjoying the cool sea breezes for slow ripening. This is a well balanced wine with an exceptional good nose, typical grassiness and gooseberry with a prominent sent of tropical fruits "an impressive concentration of flavours. The 2008 Non Pareil sauvignon blanc received the Michelangelo double gold international wine award and also a veritas silver. The Cabernet Sauvignon: the 2007 vintage was exceptional with the ripest soft tannins ever. Packed with fruit from black currant to wild berry the 2007 is exceptional from aroma to the final lingering palate. Drink now or age for 10 years for the experience of a lifetime. The wine maker for both wines is Michel Dobrovic from Muldersbosch.
