An integrate part of South African culture is to cook outdoors. Having a braai or making potjie has evolved into an unique South African social event with family and friends gathering together to share good stories and a glass, or bottle, of wine depending on the required cooking time, creating a memorable experience.

Join in the Boerebraai fun at Middelvlei where our resident braai expert will prepare your chops, boerewors and chicken sosaties to perfection. As if the appetising aromas of roosterkoek and braaibroodjies are not enough, Ben's homemade pÃ¢tÃ© and Ouma Annie's pumpkin fritters have placed the Middelvlei Braai in a league of its own.

While mom and dad are having a good time, the kids can also have fun, enjoying the spacious outdoors, feeding the farm animals or going on a donkey cart ride. They can also join in the food fun and enjoy the special kiddies' snack box and even braai their own stokbrood.

The Momberg family look forward to welcoming you at this special Outdoor Cuisine Boerebraai!
