Nestled in the breathtaking Cape Winelands is this family vineyard, with its cool maritime breezes and well-weathered soils combine to form the ideal environment for creating this superb Syrah. Every vine is personally cared for by a family member. With special attention given to the fruit and leaf canopy. Our wine is made in a clean single vineyard to produce the â€œCaelumâ€ (Latin for â€œheavenlyâ€) grapes.We are IPW certified, to produce environmentally friendly products. The grapes are handpicked at optimum ripeness and the wine is expertly handcrafted in a private cellar. Matured in French Oak, the bouquet reflects the uniqueness of this fine Syrah. Drink this wine now, in the next five years or longer.
