Phone: +27(21) 8749000

The Anthonij Rupert Wines philosophy of matching grape variety to site, to produce the highest quality of fruit, with no commitment spared to capture that quality in a bottle, guarantees a current portfolio of wines that are tiered as much according to style as to intrinsic class. All the wines are available from the farm; free delivery to all major centers in South Africa – orders 12 bottles or more.
