Lindhorst Wines in Paarl, South Africa is a small family-owned winery that was established by Mark and Belinda Lindhorst in the late 90's. We replanted 18 hectares of top quality red grape varieties and renovated an old disused wine cellar building on the farm. The maiden vintage in 2002 was recognized by the British Decanter World Wine Awards as one of the new World's top 10 Shirazes. Our main focus is on a Shiraz dominated blend called Statement.
