Under Oaks wine farm is a hands-on family business situated in the beautiful Paarl valley (about 50km from Cape Town) in the heart of the Cape Winelands. Our wine farm , Under Oaks, is one of the oldest farms in South Africa. Our vineyards are nurtured in harmony with the environment, allowing nature to produce healthy and high quality grapes. Boutique style wines are then produced in small quantities from only the best grapes from a specific vintage. We pride ourselves in creating top quality wines and providing meticulous personal service and attention to detail.
