Our Mission To provide a platform and resource for business people from diverse sectors to connect, exchange ideas, to build business relationships & networks and get referrals as well as to provide opportunities for marketing & promotion in a positive atmosphere that uplifts, develops, inspires and encourages. Your Hosts The Cape Business Connect | Helderberg (previously Strand Business Network) is now in it's 15th year of operation! Brian Damsell and Sylvia Malinowski will keep it interesting and member driven. Sylvia, has a strong PR and Communications background with a love for coaching, event management and public speaking. She will focus on keeping the Network alive and buzzing with new opportunities, a fresh flow of members and informative speakers. Brian with his IT background, manages the database and admin, but his ultimate passion is to teach the guitar. So, as owner and Principal of the "Intuition Guitar School" and having created a teaching technique he calls the "The Rapid Learning Method", he offers guitar lessons for both children and adults. Brian also offers workshops/private sessions for individuals to get (back) in tune with their innate creative energies and reach personal or business goals.
