At Stellenbosch-based Marais Horticulture, we aim to provide a symphony to the senses through the design and maintenance of gardens and landscapes, providing a personal touch in all that we do. We pride ourselves on offering excellent service and advice on all matters relating to horticulture, landscaping and irrigation and, with a specific unit dedicated to turf grass, you can have your lawns in impeccable condition in no time. Simply put, we love what we do.With more than 13 years experience in the horticulture industry, Con Marais is a seasoned veteran when it comes to getting plants to look their best. After studying Horticulture at the Cape Tech, Con started working as a Horticulturist at the Groot Constantia Wine Estate. The valuable experience that he gained at Groot Constantia, and later at Spier Wine Estate near Stellenbosch, gave him the solid footing that he needed to form his own company, which he then later did in 2007.
