The Pink Geranium Nursery, with its Landscape Division, is conveniently situated on the Winterstroom Farm, on the corner of the R304 and N1 in Muldersvlei, Stellenbosch. Already in business for the past twenty years, this specialised landscape company has built quite a reputation in beautifying and manicuring gardens on some of the more well-known properties and estates in the Stellenbosch area and beyond. Their clients have enjoyed long-term relationships and have gained benefit from their extensive network within the industry. Their largest asset is their skilled and efficient team – one that has passion for their trade and belief in their relationships.The Pink Geranium’s Landscape structure has developed two core divisions, namely:BoutiqueHere clients can experience personalised service – sensual gardens that incorporate balance and harmony, with an added twist of personality. The team is inspired by their passion for plants and for the environment. This is evident in their ability to transform gardens of all sizes into experiential playgrounds and works of art.CommercialThe Pink Geranium is equipped to deliver on large-scale projects, whether the need is for project management, hard landscaping, irrigation, paving, fynbos rehabilitation, or wetland developments. The experienced team maps out the project, and upon buy-in from all stakeholders, efficiently executes every detail to produce an environment of beauty, functionality and one aligned to the project goals.
