

Mason's Bike Inn

No 7 Beyers Walk, Eikestad Mall
Stellenbosch
Stellenbosch

Phone: +27(21) 8832202

Mason's Bike Inn is conveniently situated in the heart of the CBD of Stellenbosch in one of the shops that line Beyer's Walk, alongside Eikestad Mall. Mason's Bike Inn has established itself, since its inception 10 years ago, as the premier shopping, consulting and maintenance destination for discerning bicycle customers. Not only stockists of famous brand names such as GT, Schwinn, Mongoose, Merida and Avalanche, Mason's Bike Inn also offers a complete workshop with mechanics, Marido (the most experienced bike mechanic in Stellenbosch) and Jubian, providing top of the line service to some of the South African cycling greats as well as maintaining the bikes of the weekend cyclist. With every service, Mason offers a free bike set-up, where body positioning in relation to pedal stroke is corrected for optimal power output. Mason's has a collect and drop-off facility when your bike is due for a service. Mason's has also initiated a new repair service where their mechanics will do bike repairs at your home - an appointment needs to be made. Juan Mason has 20 years experience in the cycling business (having completed two Cape Epics and numerous other endurance and short lap races) and is well able to consult regarding the best equipment to suit your individual needs. With his vast experience on and off the road, Mason provides good advice to both the male and female cyclist, making your experience in this industry a professional, but also pleasurable one.
