

QuickTurfs - Artificial Grass

Prosperity Park, Unit 19, 2 Computer Rd, Marconi Beam
Century City

Phone: +27 87 152 3594

Whether it's a quick play for the children on the trampoline during a summer's afternoon, a little rough and tumble with siblings, or running around with friends from school, artificial grass allows for a pleasant and safe experience. Our artificial grass is safe for children, pets and families, due to the soft and luxurious feel to it. Our artificial grass uses an extremely soft yarn to ensure it is particularly suitable for children to play on. This makes it safer for falls, with less scraped knees and tears.
