18 Years ago a family run company was born and over the years grew from strength to strength. As all children grow up and change, so it too developed, its image was a little tweaked and today is the basis of the new and improved Nadprop. With years of experience, hundreds of properties sold or rented out, registered with FICA and Fidelity Fund Certificates of compliance with the Estate Agency Board, the Nadprop family are here to help you with your property needs. With residential houses, flats and apartments to rent or buy as well as commercial offices, shop or warehouse space to rent or buy, Nadprop has a large service portfolio for all your needs. Should our portfolio not have that specific something that you are looking for, the Nadprop family can help to find what you are looking for.
