At Somerset Blinds we offer you a wide range of quality blinds, shutters, louvres, awnings, patio covers and carports. We use only the best quality components and materials available to manufacture our products and all our products are guaranteed. Our products are supplied direct from the factory to you, offering you exceptional value.Somerset Blinds are agents for leading blinds, shutters, louvers & awnings manufacturers giving you objective advice on the best window covering solution for your residential or commercial requirements.BlindsALUMINIUM VENETIANSAluminium Venetians 16mm, 25mm, 35mm, 50mmOur 16mm, 25mm, 35mm & 50mm Aluminium Venetians come in a wide variety of colours.We offer custom trimmings on all the Aluminium Venetians, giving them a stylish finish. ALUWOOD VENETIANSAluwood Venetians 25mm, 35mm, 50mmOur Aluwood Venetians have aluminium slats with a wood print, which gives a wood appearance without the cost of real wood blinds.All our Aluwood Venetians come optional with real wood trimmings, giving them a real wood finish.BASSWOOD VENETIANSBasswood Venetians 35mm, 50mm and now also 63mmThis is the ultimate window covering for elegance and style. Our Wood Venetians come in a wide variety of colours to match the decor of your home or office.Our Wood

Venetians are made from the finest Basswood, which is proven to be the best wood for making Venetian Blinds.PVC OR WOOD SUBSTITUTE VENETIANSThese venetian blinds come in 50mm wide slats and have a wide variety of names depending on what material they are made of. They are called Modwood, Fauxwood, Ecowood, Antique Wood or Plaswood Venetians.We generally use these blinds in humid areas like bathrooms or kitchens where wood blinds are not suitable. They are generally 30% heavier than real wood and therefore not suitable for large windows.We offer a wide variety of colours and finishes in these blinds which make these blinds quite popular.VERTICAL BLINDSVertical 63mm, 90mm, 127mmWe offer a wide variety of fabrics from light filtering to total blockout vertical blinds. Our head rail system is one of the best available in the market.We also offer vertical blinds made from PVC or Aluminium for special applications.ROLLER BLINDSWe offer an excellent selection of roller blind fabric to suit your taste and budget.Our roller blinds come with a side control to raise and lower the blind to any position.ROLLER SCREENSOur roller screen is in essence a roller blind which stops glare and UV exposure, but still allows the user a view.We use the Sheerweave 4500 fabrics for this purpose. It is a woven, high tech fabric comprised of fibreglass and vinyl. It has a UV blockage of 95% and an openness factor of 5%.It is also flame retardant and Greenguard certified.TRIPLE SHEER BLINDSThe Triple Sheer blinds are also referred to as Silhouette Blinds or Zebra Blinds which takes the functionality of a venetian blind and combines it with the elegance of a double sheer roller blind. The fabric slats are suspended between two sheer fabrics which allow for complete light control and privacy.DUAL VISION BLINDSThese blinds are also referred to as Double Roller Blinds, Twist Blinds or Zebra Blinds are a double layer of fabric that offers a full range of functions as well as light control ranging from full light to partial light to total privacy. These blinds are some of the latest window treatments for light-filtering purposes and add a definite statement to any room.ROMAN BLINDSOur Roman blinds are made with side controls which will stop the blind in any position. We have a wide variety of fabrics, which have been specifically tested for use as Roman blinds, as not all fabrics are suited for this purpose.BAMBOO & WOVEN BLINDSOur Bamboo and Woven Wood blinds come standard with cord lock and matching valance.The cord

lock will stop the blind in any position and we can make your Bamboo or Woven Wood blind work like a Roller or Roman blind.We offer a wide selection of exquisite weaves.DUETTE & PLISSE BLINDSDuette & Plissè BlindsWe offer Duette and Plissè blinds in total blockout or light filtering fabrics to suit your application.SKYLIGHT BLINDSSkylight Blinds are manufactured using either Duette or Plissè blinds.Duette blinds are the best Skylight blinds available in South Africa.PRINTED BLINDSWe can print any graphics on your Roller or Vertical blinds. Furthermore one can choose different graphics on the front and the back of the blind, giving you maximum exposure for your brand.DOUBLE GLAZED BLINDSWe can manufacture 25 mm aluminium Venetian blinds to fit between the glass of your double glazing windows or doors.The blind is controlled with a special mechanism that gives it full functionality.ShuttersWe offer Aluminium Security, Extruded PVC Shutters and plantation shutters made from Solid Timber. All our shutters are custom designed and take between 14 and 21 days to make.SHUTTERGUARD SECURITY SHUTTERSShutterGuard security shutters offer you the elegance of conventional shutters combined with the security of burglar proofing. Security Shutters are made from Aluminium and stainless steel and have been extensively tested in the South African market.ShutterGuard security shutters now also come with a patented key lock mechanism for greater ease of use and security. We now also offer several standard colours at no extra charge.Shutterguard has a 10 year guarantee.THERMOWOOD AND EXTRUDED PVC SHUTTERSThermowood and Extruded PVC Shutters are an engineered wood substitutes made from Extruded PVC. These Shutters are also well suited for areas with high humidity, like bathrooms.Thermowood Shutters now also comes will decorative frames as optional extra.Thermowood Shutters have a 3 year guarantee.SOLID TIMBER SHUTTERSSolid timber shutters are made from selected timbers, Obeche, Teak or Mahogany for interior applications, while Meranti is used for exterior applications. Solid timber shutters come in a wide variety of colours and special colours can be made at no extra cost to you.Exceptional attention to detail is given in designing, manufacturing and installing your shutters. This assures you of a superior quality product that is functional, elegant and made to last.All our Solid Timber Shutters

come standard with a 5 year guarantee MOTORISED ROLLER SHUTTERSThe roller shutter profiles are imported from Europe and CSI certified under the very high European standards.Our roller shutters serve for a variety of applications including security / lock-up-and-go / safe haven / sun protection / wind protection / privacy / block out / thermal and noise insulation / garage doors and because of their aluminium construction, can stand up to very harsh environmental conditions without corroding.AwningsWhen it comes to designing your Awnings there is a limitless configuration of fabrics and components to choose from. This gives you the ability to make a truly unique awning, which is not only functional, but will complement and add value to any building.All our Awnings are made from high quality non corrosive material, which will give you years of trouble free service. Our canvas is fade resistant and water repellent and comes with a 5 year guarantee.We can also automate your Awning to work with remote control and sun or wind sensors.EXTERIOR ROLLER SCREEN/ PATIO BLINDS/ OUTDOOR BLINDSExterior roller screens, also referred to as outdoor blinds or patio blinds, are made according to your needs and can be made with or without the following; clear plastic windows, aluminium tracks, aluminium cassette, stainless steel cables and sheer weave fabric, to name but a few options. These options would be further discussed with you after assessing the site and your requirements.FOLDING ARM AWNINGSFolding Arm Awnings can be extended, or neatly folded away when not in use. Folding Arm Awnings can also be fitted with a cassette to further enhance the appearance and also protect it from the elements. Folding Arm Awnings can also be motorised with sun and wind sensors for effortless operation.FALL ARM AWNINGSFall Arm Awnings give you the ability to retract the awning completely when not in use and can be neatly stored in a cassette for further protection and aesthetics. It can be raised and lowered in any position from 0 – 180 degrees, depending on the size chosen.PRAM AWNINGSPram Awnings can be raised and lowered according to your requirements and come in a wide range of colours and finishes.WEDGE AND DOME AWNINGSWedge and Dome Awnings are fixed awnings, and aesthetically pleasing. They will provide shade above the door or window and will protect your carpets and furniture from fading.PERGOLA AWNINGSWe can supply and fit Pergola Awnings

with an aluminium structure, or we can make your pergola awning to fit on an existing structure. Your Pergola Awning can be extended to provide shade when needed or retracted when not in use.AUTOMATION OPTIONSMost awnings can be automated for your convenience. You can choose from finger tip, remote control or sun and wind sensors. The sun sensor will automatically deploy your awning as soon as light falls on the censor. The same goes for the wind sensor, which will retract the awning when the wind becomes too strong for the awning. All these variables are pre programmable to suit your needs and your environment.FIXED ALUMINIUM AWNINGSSomerset Blinds can manufacture a wide variety of Fixed Aluminium awnings to meet your requirements. Contact Somerset Blinds to view the colours and options in our extensive Fixed Aluminium Awning range.BRANDINGSomerset Blinds can also add your company logo or any other form of branding to your awning.Patio Ceilings & CarportsPATIO CEILINGS (ALUDECK)Also referred to as Under Deck, this is a waterproof light weight aluminium outdoor ceiling system. It is a very elegant solution to cover your patio or any outside area and down lights can also be fitted on to the structure. We can also incorporate the AluDeck with our Aluminium Adjustable Louvers which work very well together.CARPORTSWe custom design and make elegant carports in aluminium to compliment your house or business. We use aluminium poles, aluminium beams, aluminium gutters and aluminium fascia which gives you a durable maintenance free yet elegant carport.LouvresADJUSTABLE LOUVRESAt Somerset Blinds, we offer you the best quality Adjustable Aluminium Louvres available. Our Adjustable Aluminium Louvres can be made with a wide variety of finishes to complement and enhance your residential or commercial premises.Somerset Blinds Adjustable Louvres offer you excellent sun control and also offers you protection from the rain by simply adjusting the louvres according to your requirements. Cool in summer and warm in winter. Somerset Blinds Adjustable Louvres will never rust, fade or stain as they are made exclusively from aluminium and stainless steel with nylon fittings.
