ABOUT US We Are Committed To Meet The Quality With 150 Years of combined Experience, We Understand Solutions. With a combined 150 years of experience, DBS Auto Clinic understands solutions and is committed to providing top-notch service you can trust. DBS Auto Clinic proudly serves the Helderberg region, delivering expert vehicle repair and diagnostic services with precision and care. With branches in both Strand and our newly opened Wellington location, we bring the same level of expertise to every vehicle we handle—from cars and bakkies to tractors and trucks.

OUR MINOR & MAJOR SERVICES AND DIAGNOSTICS For Cars, Bakkies, Tractors and Trucks. We provide comprehensive repair and diagnostic services for cars, bakkies, tractors, and trucks. Whether it's minor maintenance or major repairs, we've got you covered.

Engine Overhauls & Repairs Our engine overhaul and repair services ensure your vehicle's engine operates at peak performance. Whether your engine is suffering from wear and tear or requires a complete rebuild, our skilled technicians will disassemble, clean, and replace any faulty components, restoring it to like-new condition. We use only the highest quality parts, ensuring long-term reliability and optimal power output for your vehicle.

Transmission & Differential Repairs Our experts are trained to repair and service both automatic and manual transmissions, as well as differentials. Whether you're experiencing gear slippage, unusual noises, or leaks, we can diagnose and

resolve the issue. We use advanced diagnostics and precision tools to ensure your transmission and differential run smoothly, allowing for better power delivery and improved driving performance.

Injector Maintenance

Proper injector maintenance is essential for optimal fuel efficiency and engine performance. Our injector maintenance services include thorough cleaning, testing, and replacement of faulty injectors, ensuring your vehicle maintains consistent power and fuel economy. With regular injector servicing, you can prevent costly repairs down the road and keep your engine running efficiently.

Fleet Services

DBS Auto Clinic offer comprehensive fleet services to ensure your business vehicles stay in top condition. Whether it's routine maintenance or urgent repairs, our expert team provides reliable solutions to keep your fleet running smoothly.

Diesel Pump Services

Our diesel pump services specialize in diagnosing, repairing, and maintaining diesel fuel pumps to ensure efficient fuel delivery to your engine. Whether it's cleaning, calibration, or a complete rebuild, we ensure that your diesel pump operates with maximum efficiency, improving fuel economy and extending the life of your engine.

Clutch & Brake Services

Our clutch and brake services cover everything from inspections to full replacements. We ensure your vehicle's clutch engages smoothly and your brakes provide reliable stopping power. Whether it's replacing worn-out parts or fine-tuning your systems, we make sure you have a safe, responsive driving experience, keeping you and your vehicle safe on the road.

Shock Absorber Replacements

Worn-out shock absorbers can lead to a rough ride and poor handling. Our shock absorber replacement service ensures your vehicle maintains a smooth, comfortable ride with enhanced stability and control. We replace old or damaged shocks with high-quality replacements that improve your vehicle's suspension, ensuring optimal comfort and safety on all terrains.
