DinoDent

Helderberg Str. 14 Stuart’s Hill
Somerset West 7130

Phone: +27(21) 8519712
Fax: +27(21) 8519715

At your childs first visit, we will welcome him/her with a friendly and loving attitude. The dental reception room looks more like a playroom, so that your kids can relax and feel at home. Your child can choose a movie and watch it while we do a dental examination. DinoDent is very focused on preventative treatment, therefore we recommend a cleaning, oral hygiene and diet instructions and a fluoride treatment.Services Offered IncludePaediatric technologyPreventative care1st Dental VisitRestorative CareOrthodontic treatmentBehaviour managementConscious sedationGeneral anaesthesiaSpecial needs treatmentEmergency treatmentBest Paediatric Dental Practice 2018 - City of Cape Town
