DEUKOM Your provider of German-language television and radio programmes for the South African market since 1995. Since 1 May 2016, our customers have been able to enjoy a total of 26 television channels and 14 radio stations via the SES ASTRA 4A satellite at 5.0° East. Requirement: SatelliteA satellite antenna with a diameter of 90cm, as well as a DEUKOM PVR (with or without 1TB hard disk). Decoders are HD and time-shift ready, with an optimal recording function. InstallationYou will find an overview of independent installers recommended by our customers, including installation instructions, on our website. In September 2019, we launched our own streaming service, DEUKOM IPTV, with over 100 channels in SD or HD quality. Requirement: StreamingA good internet connection (min. 10 Mbps) and a DEUKOM IPTV box. The hardware does not have to be purchased - only a refundable deposit will be required. InstallationGenerally simple and uncomplicated. Programme previewWe provide the DEUKOM ONLINE-TV magazine every week, free of charge, which can also be sent to you via e-mail. We are committed to providing our customers with a first-class, German-speaking service, and to us this involves professional support that goes beyond your conclusion of contract.
