The scope of our projects is limited only by what our clients want. If it needs renovating, we've got you covered. Painting Experience in all facets of professional painting from domestic to commercial, interior and exterior. It is an exciting process to go through in getting your house painted. It is the equivalent of giving your house a face-lift. It will leave you and your house feeling refreshed, clean and like new. Although it can sometimes be a nuisance to have your house feeling like a worksite, the end product is always rewarding. The most important part of a paint job is how you care for the paint coating after completion. The maintenance of the interior and exterior of a building post paint works is essential to keeping your property looking like new for longer. The cost of re-painting a home is an expense that most people would not want to include in their budget more often than is necessary. Keeping a newly painted finish properly maintained can extend the life of the painted surface and

add a few extra years in between repainting. We provide: Exterior and interior painting Handyman services Ground maintenance Doors and windows installation Ceilings Plastering Flooring / Tiling Furniture and fixtures Glazing Partitions
