WHAT WE DOStretched Canvas PrintsWe offer high quality canvas at affordable prices. Our 240g canvas products are durable and offer excellent print qualities. Standard paper sizes from A0 down to A5 are available and custom sizes upon request. 1.5m X 2.0m. Our canvas products are stretched over a choice of 16mm or 32mm super wood frames fastened together by a staple gun.FramesOur frames are manufactured on site using super wood in both 16mm and 32mm, giving you an option for regular framing. We also offer an extra option of a floating frame. This sub-frame mounted at the back of a regular frame is not visible once hung and gives the appearance of the canvas floating off the wall due to the offset created. Our range for framing options now also includes the shadow box frame. Made from Meranti wood in 32mm. Our shadow box frame, also known as Framed Canvas or Frame-in-a-Frame adds a wonderfully stylish and elegant look to finish off your canvas.Perspex PrintingPerspex printing offers a stylish and sleek look to images.
