MEET JENNY My passion for photography was sparked in 1980 when I was given my first SLR camera as a graduation present. Over the years I have developed my skill in photography, first with film and now with digital. Over the last 30 years I have won awards for my photographs and in 2002 I became an Associate of the Photographic Society of South Africa (APSSA). I had to submit 18 colour prints to the Photographic Society of South Africa and these were judged nationally and then I was awarded my Honours in Photography. In 2013 I was awarded the life-time achievement medal by the Cape Town Photographic Society. I hope you enjoy looking through my website and that my images speak to you as much as they do to me. Jean Viljoen (PRIVATE CLIENT) I fell in love with Jenny's beautifully sensitive photo of birds the minute I saw it. Just had to have

it. Fabulous service from her including free delivery. It is now hanging in my kitchen area where it is just perfect. Panorama Healthcare Psychiatry (PRACTICE MANAGER) Thank you for our beautiful landscape pictures. The pictures go perfectly with our practice theme and light up our hallway. You are a very pleasant, friendly, fun, warm and helpful person and we definitely recommend your professional work to anyone! Graham and Lynn Maddock (PRIVATE CLIENT) We have marvelled at Jenny's passion and growth as a photographic artist over several years. We fell in love with this incredible photograph of "Birds in Flight" which she enlarged for us. The result was overwhelmingly beautiful. Our intention was to hang it in our seaside home down at Infanta, but instead it has a special place in our home, where we gain pleasure from it every day! Jenny's passion, creativity and talent is very clearly depicted in all her photographic artistry.
