A perfectionist, he and his Staff made the house BEEEAUTIFUL. ! Its looks so inviting and modern. We couldn't be happier." ~Nadja Zanzinger~ "My onderhandeling met PW Grobler Konstruksie was vanaf die begin tot einde baie aangenaam en professioneel. Die kwotasie was opgebreek per item en jy weet presies waarvoor jy betaal. Daar was deur die hele proses goeie kommunikasie en die werk was van baie goeie gehalte." ~Deon Ackhurst~ "I would like to thank you for the quality of workmanship shown by yourself and your staff whilst you repaired the walls of my house earlier this year. I will gladly reccommend your services and I will definitely feel comfortable in using your company in the future." ~Mary Cowen~ "I contacted Grobler Construction for a quote on a relatively small job, and they immediately reacted. In fact, they phoned me and said that they had a team available the next day, and if it would suit me. Of course it did! The next morning the most competent group of men moved in, and did a sterling job of painting my entire house in two days –

including scraping of paint where no primer was used previously, and priming before painting again. What a delight! They not only cleaned up whatever mess the job created, but also swept all the paving around the house.I cannot be happier! I have previously contacted numerous contractors for another job, and most of them did not even return to me – something that I simply cannot understand in this day and age when work is scarce! Thank you SO much, Grobler Construction, for an excellent job!" ~Nicolene Botha~ "A project well planned and executed. I was impressed by their prompt response time and the consideration given to the needs and concerns of their client. I will most definitely recommend them to family and friends." ~Elna Reimann~ "Ek ken Pieter Grobler al sedert 2014 en kan bevestig dat hy al verskeie bou projekte aan ons woning in De Zalze , Stellenbosch , hanteer het . Hy is altyd bereidwillig om die ekstra myl te loop en geen taak is te veel vir hom en sy span nie . At present they are in the process of building our house in Fairhaven Country Estate in Somerset West with a market value of between R8/9 million. In all our dealings we have found them to be a company of integrity with honest deadlines and attention to quality workmanship. They are also accommodating in changes to the projects as and when needed. We have no hesitation in recommending them as a preferred project management team or building company." ~Trevor Weiss~ "It is unusual for a Construction Company to start and finish a contract, or that the owner makes use of the Company again and even refers the Company to friends and clients, but this happened to me when I made use of Grobler Construction. I found the quality of workmanship of this father and son team exceptional!" ~Peter Venter~ "If you're looking to build a home let me recommend Grobler Construction, Pieter and his

team just built a new home for us in Fairhaven Country Estate and I must say they were excellent to work with. It was such a pleasure working with Pieter. He always wanted us to be happy with the finished product and he worked diligently to make that happen. We appreciated the contractors and employees Pieter employs. The quality of their work and attention to detail are outstanding. Being on the job site with them, it was obvious they take pride in their work.
