Do you wish you can have a holiday with picturesque beaches, whitewashed houses, and a turquoise ocean? Do you dream that you are walking on the beach with your feet in the cold water? You can do it! Do it now! Paternoster, about 90 minutes' drive from Cape Town, is a popular tourist destination with bed & breakfasts, guest houses and self-catering apartments that suit every taste or pocket. At Paternoster Getaways we provide you with helpful hints to ensure that your Paternoster experience will be a memorable one. Paternoster epitomises an authentic and traditional West Coast lifestyle. Surrounded by fynbos, wheat fields in winter and wildflowers in spring, Paternoster is also a favourite among snorkelers, experienced divers, kite surfers and flyers, hikers, bikers, and kayakers. Virtually all year there are whales and dolphins to watch, and bird enthusiasts will see the endangered Black Oystercatcher and over 250 other species. Talented local artists live and work here too. Their painting, sculpture, pottery, and photography can be seen at various galleries and shops in the village. Foodies are also spoilt for choice with excellent restaurants, some right on the beach. Make a reservation to avoid disappointment! Sunsets over the sea, walks on the 8km long, white, sandy beach of Langstrand, seal and penguin watching, evening fires, and seafood braais are just some of Paternoster's irresistible attractions. A great surprise! Experience luxury, romance, stunning sunsets, and sea view. Book now to surprise your loved one with
