Avert ITD

Cape Town

Phone: +27 21 007 2655

Avert ITD is a dedicated software and security appliance distribution company for the African continent.We are committed to providing quality solutions through our focused approach to support and technical knowledge.ABOUT USWe are dedicated to the success of our customers by providing award winning software which enhance business productivity.We know how competitive the market can be when it comes down to closing sales prospects and making a profit, this is why we always keep our pricing competitive by having special agreements in place with the vendors in procuring security software and appliances for all our partners and customers.Having strong competitive pricing structures gives our partners the advantage in offering top quality products and services at cost effective rates, ensuring the success for both the reseller and the customer.We also encourage the success of our resellers by providing training and support programs for both the sales and support team members to eliminate delays in daily performance.Waiting for quotes or support can be discouraging when it comes to urgent situations with customers, that’s why we believe in responding immediately to any query, whether it is sales related or an urgent technical support issue.We have partners across the Continent of Africa, middle east and South Africa, and nearing 800 active resellers for our different products.Avert IT Distribution was founded in 2004 and has been in successful operation since.OUR VALUESOur core values are key to our

success:RespectWe will always conduct ourselves in a professional manner by treating each other with respect.TeamworkEach team member is part of the bigger whole and we will support each other to achieve the goals of Avert ITD and the goals of every valued team member.CommitmentWe are committed to the solutions we provide, our partners and our vendors.AttitudeWe are determined to give our best for ourselves, our partners and our vendors at all times.IntegrityWe will conduct ourselves in an honest and ethical manner.PassionWe believe in what we are doing and will do so to the best of our ability.AccountabilityWe are accountable for our actions, no matter the outcomeKnowledgeBy being knowledgeable on our brands, we are able to better achieve our goals.OUR DISTRIBUTION TERRITORIESSouth AfricaMozambiqueNigeriaGhanaNamibiaRwandaMoroccoEgyptKenyaZimbabweMalawiMauritiusQUALITY SOFTWARE DISTRIBUTIONAvastInternet securityAVGCybersecurityMacriumBackup SolutionBarracuda MSPThreat ProtectionAnyDeskRemote AccessWatchGuardNetwork SecurityAVAST BusinessEssential Business SecurityCyber security is of utmost importance for your growing or established business.AVAST HomeAvast Premium SecurityAvast’s antivirus home package is easy to install and manage.
