PADEL COURT We are proudly the first company to construct padel courts to South Africa (2020) following years of extensive research in the field. We have since grown our passion to provide top quality padel courts in our Country. Our highly trained and experienced team has the knowledge and expertise to design, engineer, construct, install and supply various types of padel courts. We have worked with top Spanish and suppliers and engineers to refine and enhance our courts to better withstand the more extreme weather conditions experienced in South Africa, and more specifically, the Western Cape. We take great pride in the quality of our padel courts, which have gone through rigorous review and approval processes, with our local engineers signing them off. This provides our customers with peace of mind knowing that our courts come with the necessary insurance and Professional Indemnity. PADELTOP ASSURANCE Our available range of padel courts is constantly expanding, so be sure to check in often and see all the new and exciting things we have to offer. You can trust that we will provide you with the best padel court for your needs. Contact us today and our experienced team will be happy to discuss all the details of your project and provide you with the perfect court.
