Welcome to Allers Aluminium Cape Town Custom Aluminium Pergolas, Garage Doors, Windows & More With over 30 years of manufacturing experience in Namibia and now proudly operating in Cape Town, Allers Aluminium offers high-quality, custom aluminium and glass solutions for residential, commercial, and industrial clients. We manufacture and install a wide range of high-performance aluminium systems using EKONAL® F42 – a European-developed system known for its strength, flexibility, and durability, adapted specifically for African conditions. WHAT WE OFFER IN CAPE TOWN Roller Garage Doors Secure, space-efficient, and fully automated. Our roller and sectional garage doors are built in-house using precision technology for both homes and industrial applications. Aluminium Pergolas Create beautiful, low-maintenance outdoor living areas with modern pergola designs engineered to endure Cape Town's coastal conditions. Aluminium Windows & Doors Custom-built using the EKONAL® F42 system. Every unit is tailored for optimal fit, function, and aesthetics — no standard sizes, just precision-made performance. We also supply aluminium windows and doors to subcontractors – ideal for builders, developers, and architectural projects looking for quality components. Aluminium Screens, Sliding & Swing Gates Enhance privacy and security with stylish, durable gates and screens for residential and commercial spaces. Project Management Services From planning through to completion, we

provide hands-on project management to ensure your aluminium installation runs smoothly on time, and within budget. WHY CHOOSE ALLERS ALUMINIUM? Over 30 years of experience across Southern Africa Exclusive use of the EKONAL® F42 aluminium system Durable, weather-resistant products made for local conditions Tailor-made solutions for every project Full-service: design, manufacture, installation & project management Reliable partner for contractors, subcontractors, architects & homeowners We don't do off-the-shelf. We do precision. From roller garage doors to pergolas — and reliable supply or project support for subcontractors — Allers Aluminium delivers exceptional craftsmanship for every project.
