Good day, my name is Hector Koopman, owner of Real Temporary Tattoos. I'd like to introduce an exciting, unique and highly engaging concept for your next brand activation. Real Temporary Tattoos is proud to be one of South Africa's most established and active airbrush temporary tattoo companies, operating nationwide. With over 11 years of experience and a team of approximately 40 full-time and part-time artists, we successfully execute brand activations at corporate events, shopping centres, festivals, carnivals, exhibitions and product launches across South Africa. Some of the major events we've worked at include the Rand Easter Show, Comic Con Cape Town, Comic Con Johannesburg, Johannesburg Expo Centre, and the Windhoek Show (Namibia), among many others. Our BRAND ACTIVATION offers custom-designed airbrush temporary tattoos featuring your company logo, campaign artwork or promotional message. The tattoos look remarkably realistic, are applied using non-toxic, skin-friendly airbrush ink, last approximately 3-7 days (depending on skin type and care) and can be removed instantly with hand sanitiser if preferred. This creates a fun, interactive experience while turning every participant into a walking brand ambassador, generating valuable brand exposure long after the activation has ended. It's a memorable, shareable experience that increases consumer engagement, dwell time and brand recall. We have proudly

delivered BRAND ACTIVATIONS for brands including Windhoek Lager, adidas, Standard Bank, Checkers, Tiger's Milk, and radio stations including Good Hope FM, KFM and 947. Please feel free to view our Google Reviews to see what our corporate clients and customers have to say about the quality of our service and the success of our activations. We would welcome the opportunity to discuss how Real Temporary Tattoos can help make your next brand activation unforgettable.
