Cape Town's Top-Rated Tutors. Grade R to University. Personalised one-on-one tutoring, online or in-person. Rated 4.8? on Google. Trusted by families across South Africa and beyond since 2014. Your child deserves more than a crowded classroom. Classrooms move fast. Thirty students, one teacher, fifty minutes. If your child misses a concept, the class doesn't stop. The gap widens. Confidence drops. And by the time report cards arrive, the damage is already done. You see it. The frustration after school. The dread before tests. The slow slide from "I don't get this" to "I'm just not good at it." That's not a lack of ability. That's a lack of individual attention. THE SOLUTION One tutor. One student. A plan built around them. Cape Town Tutors matches your child with a vetted tutor who specialises in their subject, grade, and curriculum. Sessions are structured around what your child actually needs—not a generic syllabus that moves too fast or too slow. Online or in- Person. CAPS, IEB, IB, Cambridge, or university modules. From Grade R through post grad. Every session is one-on-one, because that's where learning happens. WHY FAMILIES CHOOSE CAPE TOWN TUTORS. We go beyond standard tutoring. Every session is designed to build confidence, subject mastery, and a lifelong love for learning. Matched to your child. A tutor chosen for the subject, grade, curriculum, and learning style — not a random assignment. Before anyone works with your child, we
