CHANGE YOUR LIFE...with a Home Renovation by TMB Renovations. Whether you're renovating to increase the sale price of your property or to create a dream home for your family to enjoy over the next decade, our experience as renovation specialists allows us to tailor the completed project to your exact requirements. Renovating can be a daunting endeavour. There's so much to consider and then coordinate, but that is exactly what we do day-in and day-out. As we work with you on the design phase to bring all your ideas and hopes together, right through to presenting you with a life-changing new home, we use our experience and proven systems to eliminate the stress. Renovation of an existing structure requires different skill sets and problem solving than those needed to build a home from scratch. As renovation specialists the TMB Renovations teams have encountered the unique aspects of renovation time and again and have developed strategies to overcome them. It doesn't matter what state your home is in, or what challenges your block presents, our building teams have likely experienced it before. Refresh makes renovating your home easy. We manage everything from start to finish. We are professionals in Painting Residential, Industrial and Commercial Properties Tiling Building Renovations Torch on Waterproofing.
